PROFILE

Passionate MCA student at Mangalore Institute of Technology and Engineering with a strong foundation in technology and a keen interest in UI/UX design. Experienced in product design and research, having collaborated with BCG's Strategic and Experience Design Team on banking solutions. Completed a virtual internship at CodSoft, refining UI/UX skills. Proven track record in hackathons, including participation in SAP HackFest'24. Committed to leveraging design and technology to create impactful user experiences.

EDUCATION

MCA, Mangalore Institute of Technology and Engineering.   Moodbidri
January 2024 – Present

BCA, Sri Mahaveera College, Moodbidri   Moodbidri
February 2020 - September 2023

INTERNSHIPS

UI/UX Design
Jul 2024-Aug 2024

Completed 1-month UI/UX virtual internship with CodSoft, gaining practical experience and enhancing my design skills.

Product Design, Accenture
Jul 2024-Jul 2024

Completed Accenture North America's Product Design virtual experience program on Forage, where I successfully designed and iterated on product features to enhance user experience, demonstrating my skills in user-centered design thinking and effective communication of design decisions.

Digital Design, bp
Jul 2024-Jul 2024

Completed bp's Digital Design & UX Job Simulation on Forage, where I designed and prototyped a mobile app for the electric vehicle industry, utilizing user research, persona development, wireframing, and prototyping skills to deliver a user-centered design solution.

Strategic Design

Currently engaging in the research and design of a new product for a banking client with BCG's Strategic and Experience Design Team, enhancing my expertise in strategic and experience design
